

Writing

Our over-arching curriculum intent for children from Bovey Tracey Academy as writers:

As writers, we would like all children to

- enjoy writing for different purposes and audiences as a means to effective expression and communication
- write clearly, accurately and coherently, adapting their language and style in and for a range of contexts, purposes and audiences
- acquire a wide vocabulary to broaden their ability to communicate effectively
- develop an understanding of grammar and knowledge of linguistic conventions for reading, writing and spoken language
- appreciate our rich and varied literary heritage and draw from it when writing themselves

To achieve this we will

- ensure children are immersed in a wide range of quality, engaging literature
- use the contexts of literature to develop language and grammatical skills
- directly teach a range of higher-level vocabulary to enrich each child's understanding and ability to communicate
- ensure children are taught explicitly the spelling and handwriting they need to be able to transcribe the ideas they wish to articulate
