Handwriting

All are set weekly on Seesaw on a Monday, to be completed by the following Monday.

Chocolate!

It has been another great week and the children have been enjoying carrying on with our chocolate topic, learning about states of matter and how to change between them.

Next week in our topic lessons we will be continuing with science and carrying out an experiment to try and separate the different elements of a chocolate bar using our knowledge of changes of state. We will then be looking at how chocolate companies manage changes of state to ensure their products arrive with the consumer in their most appealing state.

MCAS

There are still quite a few children across KS2 who do not yet have permission to do activities including the professional photographer and trips. If you have not done so already, please can you go on to MCAS as soon as possible so that your child can take part in all activities.

Break time snacks

Please can we remind you that we are a nut free school and ensure that your child only brings in nut free snacks and items in packed lunches. Please can you also ensure that snacks and lunches do not include packets of sweets.

Exciting Reading Opportunity!
